OBJECTIVE

Results-driven and highly motivated engineering graduate with B.Tech in Information Science & Engineering and currently pursuing M.Tech in Computer Science & Engineering. Possessing strong analytical, problem-solving and programming skills with a keen interest in software development, emerging technologies, and innovative solutions. Seeking an opportunity to contribute to a forward-thinking organisation where I can apply my technical expertise, adapt quickly to new challenges, and grow as a technology professional while delivering impactful results.

SKILLS

TECHNICAL SKILLS:

Core Java 8 | Advance Java | JavaScript | HTML | CSS | SQL | Spring Boot | Coding | JSP/JSP Tags | CRUD | Design | Spring Annotations | Servlets | Hibernate Frameworks | Basic Java | Spring | Collections

SOFT SKILLS:

Problem-solving | Attention to Details | Adaptability | Communication | Teamwork | Leadership

TOOLS KNOWN:

Windows | Spring Tool Suite | Eclipse | Visual Studio | Postman

TRAINING / COURSES

Java Full Stack Training (Certified)
JSpiders

Full Stack Developer Training
TNS India Foundation (Capgemini)

Certificates

PROJECTS

PLACEMENT MANAGEMENT SYSTEM:

08/2022 - 09/2022 Bengaluru
https://drive.google.com/drive/folders/1ZSpHWyjfu6Dma06adYcZQY1yprnPq4Rr

Completed main module i.e. the Placement Module in which there is different information about multiple colleges to be stored in the database to conduct placement drives.

- Collaborated with 4 people's group where, everyone had done their module.
- **LANGUAGES USED:** HTML, CSS, Java, and MySQL.
- **SOFTWARES USED:** Visual Studio, Spring Tool Suite, Postman, and MySQL Workbench

LOW-COST SENSOR BAND WITH AMBULANCE SERVICE FOR TRIBAL AREA:

03/2022 - 08/2022 Bengaluru
https://drive.google.com/drive/folders/1ZSpHWyjfu6Dma06adYcZQY1yprnPq4Rr

This Project is IoT-based and has two units i.e. Sensor band and Vehicle unit. The sensor band checks the temperature and heart rate of the patient and the vehicle unit tracks the location and reaches the patient.

- **LANGUAGE USED:** C.
- **SOFTWARE AND HARDWARE USED:** Arduino IDE, Arduino Boards.
- **SENSOR AND NETWORK USED:** MAX30102, DHT11, and Zigbee Network.

EDUCATION

M. Tech (CSE)
SRM Institute of Science & Technology
08/2025 - Present Ghaziabad

B.E.(ISE)
Atria Institute of Technology
08/2018 - 08/2022 Bengaluru

12th (PCM)
Bright Home Public School/CBSE
04/2017 - 05/2018 Nanauta/Saharanpur
